Tips for Using the Bridge

Complete your profile

Make sure your profile is current and correct. The majority of your profile will automatically be filled in from the University, but you should fill in the rest. If your profile information matches what an employer is looking for, you may receive an email encouraging you to apply.

Stay in the loop!

Companies are coming to campus and recruiting all the time! By default you will receive emails about new jobs and events. Don't want emails? Easy! To adjust these settings login to the Bridge, and click on the "Privacy Settings" link on the homepage. Choose "no" to the "Receive Email Job Blasts and e-Newsletters" option.

Upload your resume

To apply for jobs, you need to have at least one resume in the Bridge. To add a resume, click on the "My Documents" tab. Click the "Add New" button. Remember to label the document clearly and to select "Resume" as the Document Type. Click Browse, select the appropriate document and press "Open" then click "Submit".

Search for opportunities

Use the search box on the home page, or click on the Jobs tab. You can search by keyword, industry, location, major, etc. By clicking on the "Employers" tab you can also search for available positions from specific companies.

Resume Books

Help employers find you by putting your resume in a resume book. They're books based on industry, major, etc... Being in a book allows employers to see your qualifications without you submitting your resume directly to them. It doesn't get much easier than that!

Search for events

Information sessions and Career Fairs are a great way to learn more about an organization and start networking. To find out more about these events click on the "Events" tab.

Review your applications

After applying for a job, pending applications will appear on the left side of the homepage. You will see if you have been accepted for an interview, or you can withdraw your resume from a position you are no longer interested in.

Talk with a Career Counselor

Your Career Counselor is here to help you! Schedule an appointment to discuss resumes, cover letters, interviewing, networking, or career options by clicking "Schedule an Appointment" on the homepage, calling 801-422-6535, or by visiting University Career Services in 2410 WSC.

Let us know how it goes!

Did you get the job? We want to hear! Click on "Enter Employment Information" on the homepage to let us know when you accept a position!

Uploading Your Transcript

Need to submit your transcript along with your resume? Not sure how to do it? Check out the instructions below.

- Login to MyBYU and click on AIM under Campus Links — School
- Click on Student Academic Record and then click on Progress Report (ABC Report)
- Click on the "Full Progress Report" link (below your current programs). Save the PDF of your report
- Login to the Bridge and click on the "My Documents" tab and then click the "Add New" button.
- Select "Unofficial Transcript as the type of document to upload then click "Choose File"
- Select your saved document (make sure it is closed) and then click Open. Remember to "Label" your document clearly.
- Click Submit Wait while the document is being converted. When finished the page will refresh.
