

Looking for an Entry Level Actuarial Position?

Check out the Denver Health Practice of Milliman!

Milliman is the country's most prestigious actuarial consulting firm, with offices in major cities worldwide. We are currently recruiting to fill a full time actuarial assistant position. A successful candidate will possess excellent computer, technical, communication, and interpersonal skills, and will be self-motivated and driven to achieve. Intellectual curiosity, teamwork, and a strong desire to learn is a must.

Requirements:

- Bachelor's degree in actuarial science, mathematics or another major with quantitative course work
- GPA of 3.5 or above
- At least one, preferably two actuarial exam passed
- Solid understanding of basic actuarial concepts
- Working knowledge of Microsoft Excel, VBA and database/statistical analysis language (SQL or SAS) is a plus
- Strong communication skills (written and oral)
- Strong organizational skills and ability to manage multiple projects and deadlines
- Strong time management skills
- Ability to work independently and within a team
- Client focused and results oriented
- Prior internship(s) or actuarial-related work experience is beneficial
- Authorized to work in the United States on a full time basis without sponsorship from Milliman presently or in the future. Milliman Denver Health does not allow for sponsorship in order to maintain or obtain an employment authorizing status/visa or other form of employment authorization in order to legally work in the United States.
- Interest/experience with office pranks is beneficial but not required

*To be considered for this position, please upload a resume **and** cover letter.*

We will be accepting application through Friday, October 13th - Please apply online at:
